## Our Story & Our Shoes

Avanti hand-crafted footwear is designed to bring you trendy styling in happy colors, and most of all they fit right and are super comfy!

On a warm summer morning, in June 1973, while waiting to cross a street in Milan, Italy the world Avanti flashed before their eyes on the crosswalk signal. It was then that our founders, Mario & Celia Arber, agreed that Avanti was to be our brand.

Avanti, which translates to 'forward' in Italian, embraced everything that they wanted their business to be.

Established in South Florida, surrounded by sun and surf yet in the heart of Miami, the vibrant the Magic City, we offer the Avanti Lady footwear that is casual yet classy and flattering in any social surrounding.

### **We are proud to say that this is our 50th year!**

Born as a small family business, we enjoy engaging with you and supporting your business in a friendly family way. We are delighted that you have chosen to join our fun journey by carrying the Avanti line in your store.
